

History Values Innovation

GENERAL CATALOGUE

**Sutter**  
PROFESSIONAL  
Hi-cleaning Solutions

## HISTORY

Since 1858,  
the name for cleaning

SUTTER founded in Switzerland in 1858, designs, manufactures and markets top quality chemical products for the cleaning and care of every kind of room and environment.

The Company operates in several countries of the world, in both the household and professional cleaning market. Sutter has always pursued, as its fundamental aim, customer satisfaction. To achieve this goal, it has always followed the path of a close cooperation with distributors.

## QUALITY

Quality and safety,  
certified

There are long-term relationships, always based on transparency, honesty, loyalty and mutual satisfaction. Innovation is a crucial element for the Company success at every single level.

Very successful and well-known products were created thanks to an innovative approach and continuous sustainable effort over time.

## SUSTAINABLE INNOVATION

Research, safety  
and environment

Sutter has always been at the cutting edge of researching solutions that take into account the protection of the environment and sustainability.

Product performance is combined with careful attention to customers and respect for the environment.

For that reason, during the years we have been investing a significant part of our resources in the creation of value and sustainable innovation. The Zero line was born in 2015 and now, thanks to research and to the significant results achieved, we have widened our range of products by increasing the usage of natural origin raw materials obtained from renewable sources.

## ASSISTANCE

Training, Consulting  
& Service

**Sutter Lab** is an highly specialised training service which provides a complete understanding of Sutter Professional cleaning systems (e.g. features, how to use and advantages of Sutter Professional products, necessary tools and machines, how to solve problems) in order to allow to use them properly and improve the business quality.

Sutter Professional has created **Sutter Tech** to help distributors and final customers solve cleaning problems. Sutter Tech is a technical team which provides consulting services and technical assistance.

**Sutter Academy** is the software for the design, price management and creations of personalised work plans for the Sutter Professional users.

## CERTIFICATIONS AND AWARDS

Our winning cards

RESEARCH,  
INNOVATION,  
QUALITY  
AND ENVIRONMENT.

### QUALITY: ISO 9001

Certifies the maximum quality of our processes and products and the perfect efficiency of our full-service.

### ENVIRONMENT: ISO 14001

Certifies that our Group acts to reduce the environmental impact of our products and services.

### OHSAS: ISO 18001

OHSAS stands for Occupational Health and Safety Assessment Series and it represents an international standard applied to Occupational Health and Safety management systems. This certification is indicative of a company's voluntary compliance and adherence to a system set up to safeguard the health and safety of their employees.

### 2010 A.I.S.E. CHARTER FOR SUSTAINABLE CLEANING

This logo certifies that Sutter products are manufactured and marketed in a safe way, taking care of the environment by more efficient use of chemicals and natural resources and by supporting the end users and their safety.

### UL CERTIFICATION (for slip resistance)

Underwriter Laboratories Inc. (UL), USA, certifies that our floor care products are not slippery.

### CAM CERTIFICATION

With the imaginative CAM logo, Sutter shows that it is compliant to the Minimum Environmental Criteria laid forth by Italian Ministerial Decree, in reference to the GPP (Green Public Procurement) European Regulations that define the environmental criteria in Public Administration buying procedures.

### EU ECOLABEL LICENCE (CE Reg. n. 66/2010)

EU ECOLABEL licence number IT/020/009 for the product group "All purpose and sanitary facilities cleaners": Ecocaps Bath, Ecocaps Multi, Ecocaps Floor, Ecocaps Floor Maxi, Ecocaps Xtra Deg, Pom Wc, Sf120, Xtra Calc, Ruby, Amber, Emerald, Diamond, Apple, Cologne, Pine, Pine Easy, Emerald Easy, Flower, Flower Easy, Grill Cleaner Plus, Degreaser Plus, Descaler Plus.

EU ECOLABEL licence number IT/030/010R for the product group "Soaps and shampoos": Lotion Cream - 800 ml, Lotion Foam - 800 ml, Lotion Cream - 5 kg

EU ECOLABEL licence number IT/038/001 for the product group "Industrial and Institutional Automatic dishwasher detergents": Universal Plus, Eco Rinse

EU ECOLABEL licence number IT/019/013 for the product group "Hand dishwashing detergents": Wash Plus

### PRODUCT OF THE YEAR 2016

Emulsio Naturale has been elected Product of the Year 2016 in the category "Natural Home Cleaning Products".

### EU ECOLABEL NATIONAL AWARDS ITALY 2017

On May 24th 2017, during the XXIII edition of "Pulire", the international exhibition for the professional cleaning, Sutter Industries S.p.A. won the "EU Ecolabel National Awards (Italy)", for the environmental innovation introduced in EU Ecolabel with the new Zero line, the product line for professional cleaning, made with vegetal origin ingredients obtained from renewable sources, which respects environment and people.

## ONDA

Disinfectant - detergent, scented deodorant. ONDA is a dual-action disinfectant-detergent. The active ingredient benzalkonium chloride, together with the non-ionic surface-active agents and balsamic essences, guarantee a certain disinfecting and cleaning, in addition to deodorising, effect. ONDA is particularly suitable for disinfecting and deodorising rooms where there is the risk of contamination, and also in all areas with public access (eg. hospitals, schools, hotels, offices, locker rooms, bathrooms). Disinfectant action in accordance with EN 1040, EN 1276 and EN 13697 (bactericidal).

**USE/SURFACES:** All washable surfaces

a.s.  $9,5 \pm 1,0\%$  - pH  $9,0 \pm 0,5$

**DILUTION:** 2% - 4% (200 ml to 400 ml in 10 L of water). Some drops of undiluted product on a sponge for deodorising action

PACKING	PCS
1000 ml	12
5 kg	4
25 kg	1

## ONDAKLOR

Oxidising chlorine disinfectant with cleaning action for the cleaning and disinfecting of floors and washable surfaces. ONDAKLOR is suitable for disinfecting and cleaning washable surfaces (floors, walls, countertops, sanitary fixtures). Disinfectant action in accordance with EN 1276, EN 1650 and EN 13697. Powerful fungicidal and bactericidal action.

**USE/SURFACES:** All washable surfaces resistant to chlorine (floors, working desks, bathroom fittings)

a.s.  $6,8 \pm 0,7\%$  - pH  $> 13,0$

**DILUTION:** 1% - 5% (100 ml - 500 ml in 10 L)

PACKING	PCS
5 kg	4

## ONDA LIME

Lemon scented sanitising detergent with deodorising action. Sanitising and deodorising detergent for all washable surfaces and the maintenance of all types of floors including protected ones. Excellent also as a deodorant for bathrooms, toilets or rubbish bins. Disinfectant action in accordance with EN 1040.

**USE/SURFACES:** All washable surfaces

a.s.  $5,0 \pm 0,5\%$  - pH  $9,5 \pm 0,5$

**DILUTION:** 2% - 4% (200 ml - 400 ml in 10 L). Some drops of undiluted product on a sponge for deodorising action

PACKING	PCS
5 kg	4

## ONDA FLOR

Flower scented deodorising sanitising detergent. Sanitising and deodorising detergent for all washable surfaces and the maintenance of all types of floors including protected ones. Excellent also as a deodorant for bathrooms, toilets or rubbish bins. Disinfectant action in accordance with EN 1040.

**USE/SURFACES:** All washable surfaces

a.s.  $5,0 \pm 0,5\%$  - pH  $9,5 \pm 0,5$

**DILUTION:** 2% - 4% (200 ml - 400 ml in 10 L). Some drops of undiluted product on a sponge for deodorising action

PACKING	PCS
5 kg	4

## CUAT 88

Disinfectant detergent for floors and washable surfaces. CUAT 88 is a disinfectant for floors and washable surfaces. It's a quaternary ammonium salt-based disinfectant containing surfactant agents with high cleaning power. Suitable for daily cleaning and disinfection of all washable surfaces. Disinfectant action in accordance with EN 1040 and EN 1276.

**USE/SURFACES:** All washable surfaces

a.s.  $17 \pm 1\%$  - pH  $12,9 \pm 0,5$

**DILUTION:** 3% (300 g per 10 L of water)

PACKING	PCS
5 kg	4

\* Regulatory requirements surrounding the biocidal registration may vary according to each country

## TERSO

Concentrated highly effective universal detergent for the cleaning of all washable surfaces. High dirt releasing and suspending power detergent suitable for use on all surfaces.

**USE/SURFACES:** All washable surfaces

a.s. 10 ± 1% - pH < 11,4

**DILUTION:** 1% (100 ml in 10 L)

PACKING	PCS
5 kg	4

## EMERALD

**Zero**  
natural force

Natural degreasing detergent. Universal concentrated detergent for the cleaning of all hard surfaces. Excellent also for scrubbing machine. Effective on persistent dirt. Apple vinegar scent, allergen-free (Reg. 648/2004). It contains vegetal origin raw materials.

**USE/SURFACES:** All washable surfaces

a.s. 8,8 ± 0,9% - pH < 11,4

**DILUTION:** 1% (100 ml in 10 L)

PACKING	PCS
5 kg	4

## PINE

**Zero**  
natural force

Scented multi-purpose natural detergent. Universal multi-purpose detergent for the daily cleaning of hard surfaces. Excellent also for scrubbing machine. Pine scent with eucalyptus essential oil, delicate and long-lasting fragrance. It contains vegetal origin raw materials.

**USE/SURFACES:** All washable surfaces

a.s. 6,7 ± 0,7% - pH 8,5 ± 0,5

**DILUTION:** 1% (100 ml in 10 L)

PACKING	PCS
1000 ml	12
5 kg	4
20 kg	1

## APPLE

**Zero**  
natural force

Scented multi-purpose natural detergent. Universal multi-purpose detergent for the daily cleaning of hard surfaces. Excellent also for scrubbing machine. Green apple scent, allergen-free (Reg. 648/2004), delicate and long-lasting fragrance. It contains vegetal origin raw materials.

**USE/SURFACES:** All washable surfaces

a.s. 6,7 ± 0,7% - pH 8,5 ± 0,5

**DILUTION:** 1% (100 ml in 10 L)

PACKING	PCS
1000 ml	12
5 kg	4

## COLOGNE

**Zero**  
natural force

Scented multi-purpose natural detergent. Universal multi-purpose detergent for the daily cleaning of hard surfaces. Excellent also for scrubbing machine. Cologne scented with patchouli essential oil, delicate and long-lasting fragrance. It contains vegetal origin raw materials.

**USE/SURFACES:** All washable surfaces

a.s. 6,7 ± 0,7% - pH 8,5 ± 0,5

**DILUTION:** 1% (100 ml in 10 L)

PACKING	PCS
5 kg	4

## FLOWER

**Zero**  
natural force

Scented hydroalcoholic natural detergent. Universal multi-purpose detergent for the daily cleaning of coated and not-coated floors and hard surfaces. Excellent wetting power and quick evaporation. Excellent also for scrubbing machine. Floral scent, allergen-free (Reg. 648/2004), delicate and long-lasting fragrance. It contains vegetal origin raw materials.

**USE/SURFACES:** All washable surfaces

a.s. 6,6 ± 0,7% - pH 8,5 ± 0,5

**DILUTION:** 1% (100 ml in 10 L)

PACKING	PCS
5 kg	4

Hydroalcoholic  
Formula

## LINDET

Maintaining detergent for supermarket floors. Specific for micro-porous or rough floorings. It contains linseed oil and coconut oil. It gives a shiny semi-matt effect while cleaning thoroughly. No foam.

**USE/SURFACES:** Micro-porous, rough floorings

a.s.  $25 \pm 1\%$  - pH  $> 13,0$

**DILUTION:** From: 1% To: 2,5%

PACKING	PCS
5 kg	4

## Degreasers

### CLEANER 2000

Deep alkaline detergent.

Deep alkaline detergent. Highly concentrated formula with an excellent sequestering effect specifically for oil-based grease also on microporous surfaces. Excellent for use with scrubbing machines.

**USE/SURFACES:** Micro-porous, rough floorings

s.a.  $15 \pm 1\%$  - pH  $> 13,0$

**DILUTION:** Maintenance: 1% - 3% (100 ml - 300 ml in 10 L of water). Heavy cleaning 4% - 10% (400 ml - 1 L in 10 L of water)

PACKING	PCS
5 kg	4

### FORTE

Highly effective degreaser for the cleaning of all surfaces.

Highly effective degreaser detergent suitable for removing stubborn dirt with its releasing and solubilising power.

**USE/SURFACES:** All washable surfaces (hobs, working desks, tiles, floors, etc.)

a.s.  $25 \pm 1\%$  - pH  $> 13,0$

**DILUTION:** 2% - 5% (200 ml to 500 ml in 10 L of water)

PACKING	PCS
5 kg	4
22 kg	1

### TECNE

Alkaline - and solvent-free superactive degreaser.

Highly degreasing and emulsifying product. Suitable for cleaning all surfaces including delicate ones like rubber and aluminium. Can be used for manual cleaning or with scrubbing machines.

**USE/SURFACES:** All washable surfaces

a.s.  $14 \pm 1\%$  - pH  $9,4 \pm 0,4$

**DILUTION:** 3% - 5% (300 ml to 500 ml in 10 L of water)  
For stubborn dirt, dilute up to 10% (1 L every 10 L of water)

PACKING	PCS
5 kg	4

### MICROSOLV

Detergent degreaser containing solvents microemulsified in water.

Natural and aliphatic solvent-based degreasing microemulsion with high solubilising power.

**USE/SURFACES:** All washable surfaces

a.s.  $36 \pm 2\%$  - pH  $< 11,4$

**DILUTION:** MECHANICAL CLEANING: 2% - 5% (200 ml to 500 ml in 10 L of water); MANUAL CLEANING: 5% - 15% (500 ml to 1,5 L in 10 L of water)

PACKING	PCS
5 kg	4

## GRES

Specific detergent for cleaning and maintenance of stoneware or microporous floors.

Concentrated multi-purpose detergent for routine and periodic cleaning of stoneware or microporous floors. Suitable for both manual and mechanical washing.

**USE/SURFACES:** Micro-porous, rough floorings

a.s.  $22 \pm 1\%$  - pH  $> 13,0$

**DILUTION:** 0.5% - 3% (50 ml - 300 ml in 10 L of water)

PACKING	PCS
5 kg	4
750 ml	6

## ANTISCHIUMA

Concentrated defoamer.

Product specifically designed for reducing foam in recovery tanks (liquids vacuum detergents, scrubbing machines and spray injection and extraction machines).

**USE/SURFACES:** All kinds of automatic washing machines

pH  $8,5 \pm 0,5$

**DILUTION:** 20 - 25 g every 10 L of tank capacity

PACKING	PCS
5 kg	4

# FLOOR CARE SYSTEM

- STRIPPERS
- SEALERS/IMPREGNATORS
- WAXES/METALIZED WAXES
- CRYSTALLIZERS
- ANTISTATICS
- MAINTENANCE DETERGENTS
- SPRAY MAINTENANCE
- SPECIALTIES

FLOOR CARE SYSTEM

Floors are the most visible and expensive part of a building. Sutter Professional provides a wide range of floor care product systems for the preparation, treatment and maintenance

of many different kind of surfaces (pvc, gres, marble, cement, carpets...) that guarantee to restore, maintain and improve the original beauty of floors.

## DECALC

Acid descaling and sanitising detergent.

Acid sanitising detergent specifically created for the removal of limescale deposits from enamel surfaces, taps, stoneware and ceramics. According to EN Test: EN 1276 (Sol. 4%).

**USE/SURFACES:** Sanitary, sinks, chromium plated surfaces, stainless steel, ceramic tiles, toilet bowls

a.s. 22 ± 1% - pH < 1,0

**DILUTION:** 3% - 5 % (300 ml to 500 ml in 10 L of water) For stubborn deposits on hard surfaces (stoneware, ceramics, concrete) dilute to 10% (1 L every 10 L of water)

PACKING	PCS
1000 ml	12
5 kg	4

## ACID AT 100

Acid descaling cleaner. Acid cleaner specifically created for the removal of limescale from surfaces. Suitable for first treatment of terracotta, concrete or stone.

**USE/SURFACES:** Terracotta, cement, stoneware, ceramic floors

a.s. 31 ± 2% - pH < 1,0

**DILUTION:** 10% - 20% (1 L - 2 L every 10 L of water)

PACKING	PCS
6 kg	4

**industrial**

## Strippers

## EXTREME STRIPP

Super concentrated wax stripper. Concentrated wax stripper for removing old layers of metal cross-linked acrylic wax. Ideal for extreme conditions and effective also in low concentrations.

**USE/SURFACES:** All floors (no linoleum)

a.s. 35 ± 2% - pH > 13,0

**DILUTION:** With single disc machine: 5% - 10% (500 ml to 1 L in 10 L of water) Manually: 10% - 20% (1 L - 2 L every 10 L of water)

PACKING	PCS
5 kg	4

## LINOSTRIPP

Low alkaline wax stripper for linoleum. Wax stripper specifically designed for linoleum with a high hydrosoluble solvent content for removing layers of metal cross-linked acrylic wax.

**USE/SURFACES:** Linoleum and alkali sensitive floors

a.s. 37 ± 2% - pH 10,5 ± 0,5

**DILUTION:** 20% - 50% (2 L - 5 L every 10 L of water)

PACKING	PCS
5 kg	4

## STRAIK N.R.

Super rinse-free wax stripper.

Rinse-free, super wax stripper with high solubilising power for quick removal of layers of metal cross-linked acrylic wax.

**USE/SURFACES:** All floors (no linoleum)

a.s. 30 ± 2% - pH > 13,0

**DILUTION:** 10 % (1 L in 10 L of water) For dry wax stripping (50% 1:1 with water)

PACKING	PCS
5 kg	4

## STRIPP 83

Super quick wax stripper/detergent.

Super quick wax stripper/detergent for removing layers of metal cross-linked acrylic wax. Rinsing required.

**USE/SURFACES:** All floors (no linoleum)

a.s. 28 ± 1% - pH > 13,0

**DILUTION:** 10% (1 L in 10 L of water)

PACKING	PCS
5 kg	4

## BETON

Acrylic sealer for porous and concrete floors.

Acrylic sealer specially designed for very porous floors. Anti-dust effect and resistant to heavy traffic. Excellent anti-stain effect.

**USE/SURFACES:** Concrete

t.d.r. 20,5-21,5% - pH 7,7 ± 0,5

**DILUTION:** Ready to use

PACKING	PCS
5 kg	4

## COTTO IF 110

Solvent-based water and oil-repellent impregnator.

Specific formulation for the water and oil-repellent treatment of terracotta and natural stone floors. It offers excellent waterproofing without altering the appearance and prevents the resurfacing of salt efflorescence.

**USE/SURFACES:** Natural stones

t.d.r. >6 - pH n.a.

**DILUTION:** Ready to use

PACKING	PCS
5 L	4

## COTTO WP

Water-based and oil-repellent impregnating agent.

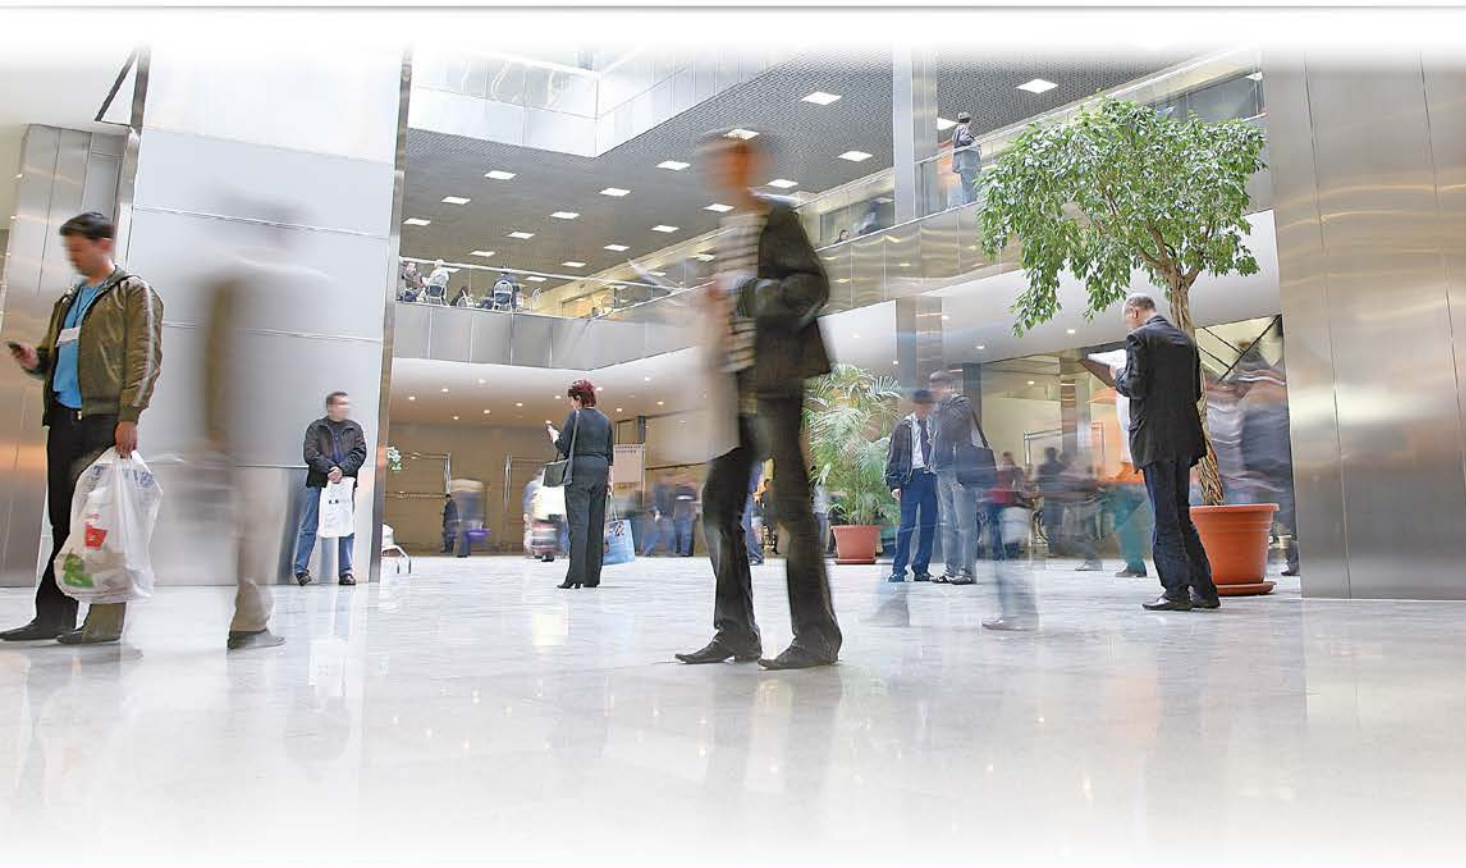

Specific formulation for the water and oil-repellent treatment of terracotta and natural stone floors. It offers excellent waterproofing without altering the appearance of surfaces and prevents the resurfacing of salt efflorescence.

**USE/SURFACES:** Natural stones

a.s. 1,3 ± 0,1% - pH 5,1 ± 0,5

**DILUTION:** Ready to use

PACKING	PCS
5 kg	4

## METEOR MAXIMA

High resistance, anti-slip, super shiny acrylic emulsion.

Emulsion formulated with acrylic and polyurethane polymers to guarantee maximum shine and tread resistance. Anti-yellowing formula. Registered with Underwriters Laboratories Inc. as anti-slip, high resistance wax.

**USE/SURFACES:** Synthetic floors (PVC, rubber, linoleum etc.), stone floors (marble, terrazzo, etc.)

t.d.r. 25±0,5% - pH 8,2 ± 0,5

**DILUTION:** Ready to use

PACKING	PCS
5 kg	4

## METEOR MATT

High resistance, low maintenance anti-slip satin effect acrylic emulsion.

Emulsion formulated with an exclusive mixture of polymers and waxes for a special satin effect. Registered with Underwriters Laboratories Inc. as anti-slip, high resistance wax.

**USE/SURFACES:** Synthetic floors (PVC, rubber, etc.), stone floors (marble, terrazzo, etc.)

t.d.r. 15-16% - pH 8,5 ± 0,5

**DILUTION:** Ready to use

PACKING	PCS
5 kg	4

## METEOR PARQUET

Anti-slip self-polishing emulsion for treated and untreated parquet. Formulated with a mixture of polymers and waxes specifically created for the porosity of wood floors. Guarantees effective protection and restores the original level of shine. Registered with Underwriters Laboratories Inc. as anti-slip, high resistance wax.

**USE/SURFACES:** Painted or unpainted wooden floors

t.d.r. 12-13% - pH 8,5 ± 0,5

**DILUTION:** Ready to use

PACKING	PCS
5 kg	4

## PB 28

Anti-slip metal cross-linked polymer emulsion. Emulsion formulated with acrylic and polyurethane polymers to guarantee the protection of a high gloss, resistant and flexible film. Excellent resistance to abrasion and cleaning carried out with alcohol-based disinfectants. Registered with Underwriters Laboratories Inc. as anti-slip, high resistance wax.

**USE/SURFACES:** Synthetic floors (PVC, rubber, etc.), stone floors (marble, terrazzo, etc.)

t.d.r. 21-22% - pH 9,0 ± 0,5

**DILUTION:** Ready to use

PACKING	PCS
5 kg	4

## UNISPLEND

High concentration, anti-slip acrylic emulsion.

Emulsion formulated with a high concentration of acrylic polymers, waxes and resins. Suitable for one-coat applications. Registered with Underwriters Laboratories Inc. as anti-slip, high resistance wax.

**USE/SURFACES:** Synthetic floors (PVC, rubber, etc.), stone floors (marble, terrazzo, etc.)

t.d.r. 27-28% - pH 8,0 ± 0,5

**DILUTION:** Ready to use

PACKING	PCS
5 kg	4

## ELETTRA

Anti-static wax for protection of conductor coatings.

Wax that protects conductive floors in areas where the dispersal of static electricity is essential to safety. Does not isolate the floor (Certificate 25246, Italian Galileo Ferraris National Electrotechnical Institute, Turin).

**USE/SURFACES:** Anti-static floors

t.d.r. 23-24% - pH 8,5 ± 0,5

**DILUTION:** Ready to use

PACKING	PCS
5 kg	4

## METRO

Self-polishing wash and wax detergent for black floors.

Formulated with high coating and dyeing power specific for black floors such as rubber, granular or asphalt. Suitable for both treatment and "wash and wax" maintenance.

**USE/SURFACES:** Black rubber floors

t.d.r. 12-13% - pH 7,5 ± 0,5

**DILUTION:** Treatment: Ready to use. Maintenance: 2% - 5% (200 - 500 ml in 10 L of water)

PACKING	PCS
5 kg	4

## SINGULAR

Cleaning and self-polishing acrylic emulsion.

Product formulated with a combination of polymeric emulsions suitable for treating both synthetic and stone floors. Excellent also for "wash and wax" maintenance. No build-up.

**USE/SURFACES:** Stone, marble, terrazzo, PVC, rubber, linoleum

t.d.r. 16-17% - pH 8,0 ± 0,5

**DILUTION:** Treatment: Ready to use. Maintenance: 2% - 5% (200 - 500 ml in 10 L of water)

PACKING	PCS
5 kg	4

## METEOR EXTRA SOLV

Liquid wax solvent based for parquet and terracotta floors. Formulated with a mixture of fine waxes that provide effective and quick protection and maintenance of parquet and terracotta floors, giving a warm gloss and maintaining the floor's original colour. Suitable for both spray and wax applicator. Repolishable with single disc machine low speed.

**USE/SURFACES:** Parquet and terracotta floors

t.d.r. 10-11% - pH n.a.

**DILUTION:** Ready to use

PACKING	PCS
5 L	4

# Crystallizers

## CRIS

Anti-slip crystalliser for treatment of marble, marble composition and terrazzo floors.

Crystalliser for calcareous floors. Eliminates micro-porosity by preventing dirt from penetrating. Excellent glossy effect. Registered with Underwriters Laboratories Inc. as anti-slip, high resistance product.

**USE/SURFACES:** Marble and other calcareous floors

a.s. 30 ± 2% - pH 1,5 ± 0,5

**DILUTION:** Ready to use

PACKING	PCS
5 kg	4

## CRIS AZUL

Basic treatment for crystallisation of marble floor.

Highly concentrated formula suitable for calcareous dsurfaces (marble, travertine, Jura limestone and all calcareous floors).

**USE/SURFACES:** Marble and other calcareous floors

a.s. 34 ± 2% - pH 1,5 ± 0,5

**DILUTION:** Ready to use

PACKING	PCS
5 kg	4

## CL 22

Glossy spray treatment for crystallised floors.

The final touch to the crystallisation of floors: it quickly improves the gloss to the maximum level also on difficult to shine floors. Very easy to use. No build-up.

**USE/SURFACES:** All kind of crystallised floors

t.d.r. >9% - pH 6,6 ± 0,5

**DILUTION:** From: 25% To: 33%

**PACKING**

**PCS**

5 kg

4

## Antistatics

## SPOLVERO MOP

Anti-dust spray for floors.

Long lasting anti-static spray product for dusting all types of floor (natural, synthetic or resilient). Can also be used for the maintenance of metal wax.

**USE/SURFACES:** All surfaces

pH n.a.

**DILUTION:** Ready to use

**PACKING**

**PCS**

500 ml

12

## Maintenance detergents

## AZZURRO

Shiny anti-slip neutral detergent. Concentrated neutral detergent suitable for maintenance of all types of floor including wax-treated ones. Does not make the surface slippery and there is no build-up. Pleasant fragrance. Registered with Underwriters Laboratories Inc. as anti-slip, high resistance product.

**USE/SURFACES:** Marble and terrazzo floors, polished stone floors

a.s. 9,4 ± 0,9% - pH 9,7 ± 0,5

**DILUTION:** 2% - 4% (200 - 400 ml in 10 L of water)

**PACKING**

**PCS**

5 kg

4

## FRESCO

Scented neutral detergent.

Concentrated neutral detergent suitable for maintenance of all types of floor including wax-treated ones. Pleasant fragrance.

**USE/SURFACES:** All surfaces

a.s. 4,1 ± 0,4% - pH 9,0 ± 0,5

**DILUTION:** 2% - 4% (200 - 400 ml in 10 L of water)

**PACKING**

**PCS**

5 kg

4

## RAVVIVA

Self-polishing wash and wax.

Polishing detergent, it leaves a thin self-polishing film on the floor to repair the old layer of wax or give light protection to untreated floors.

**USE/SURFACES:** All floors

t.d.r. 14,5-15,5% - pH 9,5 ± 0,5

**DILUTION:** 2% - 5% (200 - 500 ml in 10 L)

**PACKING**

**PCS**

## SF 120

**Superactive degreaser for all types of organic residue.**

Highly degreasing detergent without colouring agents or essences, for use in the food area (HACCP). Composed of surface-active agents having a high softening power, anti-redeposition elements and emulsifying agents for fats and grease.

**USE/SURFACES:** All washable surfaces

a.s. 25 ± 1% - pH > 13,0

**DILUTION: MANUAL AND SCRUBBING MACHINE USE:**  
2% - 3% (from 200 ml to 300 ml in 10 L of water); HIGH PRESSURE:  
0.3% - 0.8% (from 30 ml to 80 ml in 10 L of water)

PACKING	PCS
5 kg	4
24 kg	1

## SF 120

**Superactive natural caustic degreaser.** Caustic degreasing detergent for deep cleaning, ideal to remove organic dirt. Manual use and/or scrubbing machine. Suitable for food area. Formula with anti-redeposition and grease emulsifying agents. It contains vegetal origin raw materials. Colourless and fragrance-free.

**USE/SURFACES:** All washable surfaces of kitchen

a.s. 32 ± 2% - pH >13,0

**DILUTION:** 0,5 - 1% (5 - 10 ml/L)

PACKING	PCS
5 kg	4

## SF 210

Degreaser for ovens, cookers and hot plates.

Specific alkaline detergent for removing burnt fat from ovens, grills, hot plates and roasting spits. Suitable for use in the food area (HACCP).

**USE/SURFACES:** Oven, hobs and grill

a.s. 20 ± 1% - pH > 13,0

**DILUTION:** Ready to use

PACKING	PCS
500 ml	12
5 kg	4

## GRILL CLEANER Plus

Natural degreaser for ovens, cooktops and grills. Ultra-effective degreaser for the removal of burnt grease. Thanks to its highly gripping foam formula, it removes persistent residues. Ideal for ovens and cooktops. It contains vegetal origin raw materials. Colourless and fragrance-free. Recommended also for food area.

**USE/SURFACES:** Oven, hobs and grill

a.s. 15 ± 1% - pH > 13,0

**DILUTION:** Ready to use

PACKING	PCS
500 ml	12*

# HACCP Acids

## DESCALER Plus

Natural descaling detergent. Descaling detergent with natural origin organic acids (citric acid and lactic acid). Recommended for the removal of limestone residues from polished surfaces, taps, stoneware, ceramics and for dishwashing machine descaling. It contains natural origin raw materials. Colourless and fragrance-free. Recommended also for food area.

**USE/SURFACES:** Taps, stoneware, ceramics, dishwashers

a.s. 21 ± 1% - pH < 2

**DILUTION:** 3% (300 ml in 10 L of water)  
Pure in case of necessity

PACKING	PCS
1000 ml	12

## SF 200

Acidic descaling detergent.

Acidic detergent specifically for removing limescale deposits from surfaces. Suitable for use in the food area (HACCP).

**USE/SURFACES:** Aluminium and stainless steel, any other container, ceramic floors, WC.

a.s. 24 ± 1% - pH < 1,0

**DILUTION:** For light residue: 3% - 5% (from 300 ml to 500 ml in 10 L of water); For hard surfaces (stoneware, ceramic, coverings), dilute it to 10% (1 L every 10 L of water); For deep-down descaling: 10% - 15% (from 1 L to 1.5 L in 10 L of water)

PACKING	PCS
5 kg	4

\*12 installed trigger sprayers

## SUPER

Detergent for dishwashing machine (soft water).

Alkaline detergent with high concentration and sequestering power, specific for automatic dishwashing only. Ideal for softwater (0-15° F). Excellent for use with automatic dosing devices. NO-FOAM FORMULA.

USE/SURFACES: Dishes, glasses, cutlery

a.s. 19 ± 1% - pH > 13,0

DILUTION: 1 - 3 g/L

PACKING	PCS
6 kg	4
24 kg	1

## SUPER PLUS

Detergent for dishwashing machine (medium water).

Alkaline detergent with high concentration and sequestering power, specific for automatic dishwashing only. Ideal for mediumwater (15- 25° F). Excellent for use with automatic dosing devices. NO-FOAM FORMULA.

USE/SURFACES: Dishes, glasses, cutlery

a.s. 21 ± 1% - pH > 13,0

DILUTION: 1 - 3 g/L

PACKING	PCS
6 kg	4
24 kg	1

## UNIVERSAL PLUS

Detergent for automatic dishwashing (for all kinds of water).

Alkaline detergent with high concentration, specific for automatic dishwashing only. Contains MGDA for a better performance and a reduced environmental impact. Highly degreasing and ideal for all types of water. NO-FOAM FORMULA.

USE/SURFACES: Dishes, glasses, cutlery

a.s. 33 ± 2% - pH > 13,0

DILUTION: Soft water (0-15° F): 1 g/L Medium water (15-25° F): 1.5 - 2 g/L Hard water (> 25° F): 2 - 3 g/L

PACKING	PCS
6 kg	4
24 kg	1

## ECO RINSE

Neutral rinse aid specific for softened water.

Neutral rinse aid for rinsing in dishwashers using soft or medium water. Foam-free, it helps dishes dry quickly while preventing the formation of calcareous stains.

USE/SURFACES: Dishes, glasses, cutlery

a.s. 13,5 ± 0,5% - pH 9,0 ± 0,5

DILUTION: 0,1 - 0,8 g/L

PACKING	PCS
5 kg	4
20 kg	1

## ACID RINSE

Acid rinse aid specific for hard water.

Acid rinse aid for rinsing in dishwashers even with hard water. Foam-free, it helps dishes dry quickly while preventing the formation of calcareous stains.

USE/SURFACES: Dishes, glasses, cutlery

a.s. 29 ± 1% - pH 1,6 ± 0,5

DILUTION: 0,1 - 0,8 g/L

PACKING	PCS
5 kg	4
20 kg	1

## DESCALER DW

Acidic descaler for removing calcareous residue.

Phosphoric acid-based descaler for dishwashers and washing machines. Very quickly removes all calcareous residue.

USE/SURFACES: Dishwashing machine maintenance

a.s. 32 ± 2% - pH < 1,0

DILUTION: 10 - 30% (1 L - 3 L in 10 L of water)

PACKING	PCS
5 kg	4

## CHLORINE DETERGENT

Active chlorine sanitising detergent for automatic dishwashing. Alkaline detergent with high concentration, specific for automatic dishwashing only. Thanks to the active chlorine, it is particularly effective against coffee, lipstick and tea stains. Sanitising effect.

**USE/SURFACES:** Dishes, glasses, cutlery

a.s. 16 ± 1% - pH > 13,0

**DILUTION:** 1 - 3 g/L

PACKING	PCS
5 kg	4
24 kg	1

## CRISTAL BAR

Rinse-aid detergent for professional dishwashers.

Alkaline detergent with high concentration for small dishwashers, specific for automatic dishwashing only. It is particularly effective against all types of stains. Does not contain caustic substances.

**USE/SURFACES:** Dishes, glasses, cutlery

a.s. 24 ± 1% - pH 12,5 ± 0,5

**DILUTION:** 750 ml size: One measure of product (30 ml for 10 L) every 3 - 4 washes.  
5 kg size: Soft water (0-15° F): 3 g/L Medium water (15-25° F): 6 g/L; Hard water (> 25° F): 9 g/L

PACKING	PCS
750 ml	6
5 kg	4

## BAR HYGIENE

Active chlorine sanitising detergent for small dishwashers and glasswashers. Alkaline active chlorine detergent, specific for automatic dishwashing only. Thanks to the active chlorine, it is particularly effective against coffee, lipstick and tea stains. Sanitising effect. Excellent for use with automatic dosing devices. NO-FOAM FORMULA.

**USE/SURFACES:** Dishes, glasses, cutlery

a.s. 14 ± 1% - pH > 13,0

**DILUTION:** Soft water (0-15° F): 4 g/L Medium water (15-25° F): 7 g/L Hard water (> 25° F): 10 g/L

PACKING	PCS
5 kg	4

# Manual dishwashing

## WASH

Neutral detergent for manual dishwashing.

Neutral detergent for manual dishwashing with high cleaning power. Suitable for washing of dishes, pots and kitchen utensils. Very effective on heavy dirt.

**USE/SURFACES:** Manual washing of dishes, glasses, cutlery, pots, all kinds of kitchen utensils

a.s. 12 ± 1% - pH 7,0 ± 0,5

**DILUTION:** in 10 L of water: Soft water (0-15° F): 30 g; Medium water (15-25° F): 40 g; Hard water (> 25° F): 50 g

PACKING	PCS
1000 ml	12
5 kg	4
20 kg	1

## WASH PLUS

Concentrated detergent for manual dishwashing.

Concentrated neutral detergent for manual dishwashing with high cleaning power.

**USE/SURFACES:** Manual washing of dishes, glasses, cutlery, pots, all kinds of kitchen utensils

a.s. 18 ± 1% - pH 7,0 ± 0,5

**DILUTION:** in 10 L of water: Soft water (0-15° F): 20 g Medium water (15-25° F): 30 g Hard water (> 25° F): 40 g

PACKING	PCS
5 kg	4

## WASH Plus

Natural detergent for manual dishwashing. Detergent for manual dish washing. Ideal to remove greasy dirt. Thanks to its formula, the product is effective without generating too much foam. It contains vegetal origin raw materials. Colourless and fragrance-free.

**USE/SURFACES:** Manual washing of dishes, glasses, cutlery, pots, all kinds of kitchen utensils

a.s. 19 ± 1% - pH 7,0 ± 0,5

**DILUTION:** in 5 L of water Depending on the dirt: 7 - 9 ml Soft water (0-15° F); 9 - 11 ml Medium water (15-25° F); 11 - 13 ml Hard water (> 25° F).

PACKING	PCS

# LAUNDRY

-  **AUTOMATIC DOSING** 
-  **SPECIALTIES** 
-  **MANUAL DOSING**

LAUNDRY

The Laundry area must have excellent washing results, a guarantee of hygiene and optimum operational costs. Sutter Professional helps

reach these goals by providing many different product systems (liquid detergents, dosing equipments, powders) for all possible kinds of cleaning problems in hotels, hospitals, industrial laundries etc...

## CLEAN ACTIVE

Scented detergent for manual and automatic washing of fabrics.

Scented, deep cleaning detergent, for all types of dirt and fabric. Effective against stains even at low temperatures. Does not alter colours.

**USE/SURFACES:** Fabric washing

a.s. 35 ± 0,1% - pH 9,3 ± 0,5

**DILUTION:** Soft water (0 - 15° F): 1 - 5 g/kg of fabrics - Medium water (15 - 25° F): 5 - 10 g/kg of fabrics - Hard water (25° F): 10 - 20 g/kg of fabrics

PACKING	PCS
20 kg	1

## ENZY EXTRA

Complete enzymatic detergent for automatic washing of fabrics. High efficiency complete concentrated enzymatic detergent with a pleasant scent. Recommended for all types of fabric with stubborn dirt. Phosphate-free and with eco-compatible raw materials.

**USE/SURFACES:** Fabric washing

a.s. 55 ± 1% - pH 8,7 ± 0,3

**DILUTION:** Soft water (0 - 15° F): 1 - 5 g/kg of fabrics - Medium water (15 - 25° F): 5 - 10 g/kg of fabrics - Hard water (25° F): 10 - 20 g/kg of fabrics

PACKING	PCS
22 kg	1

## ALKA POWER

Alkaline additive for automatic washing of fabrics.

High concentration alkaliser with sequestering power for automatic washing of fabrics. Contains eco-compatible raw materials.

**USE/SURFACES:** Fabric washing

a.s. 35 ± 2% - pH > 13,0

**DILUTION:** Soft water (0 - 15° F): 1 - 3 g/kg of fabrics - Medium water (15 - 25° F): 3-6 g/kg of fabrics - Hard water (> 25° F): 6 - 12 g/kg of fabrics

PACKING	PCS
24 kg	1

## DEGRE PLUS

Detergent with high degreasing effect for automatic washing of fabrics. Degreasing liquid detergent for the automatic washing of all kinds of dirty fabrics, coming from environments such as kitchens, restaurants, workshops or flat mops for floors.

**USE/SURFACES:** Fabric washing

a.s. 51 ± 3% - pH 8,9 ± 0,5

**DILUTION:** 5 - 10 g for kg of fabrics

PACKING	PCS
20 kg	1

## ALKA PLUS

Alkaline detergent for automatic washing of fabrics. Low environmental impact.

Alkaline detergent for automatic washing of fabrics. For washing following environmental criteria and on standard dirt.

**USE/SURFACES:** Fabric washing

a.s. 24,7 ± 0,3% - pH > 13,0

**DILUTION:** Low water hardness (0 - 15°F): 2-8 g/kg of fabrics, Medium water hardness (15 - 25°F): 8-15 g/kg of fabrics. High water hardness (>25°F): 15 - 25 g/kg of fabrics

PACKING	PCS
24 kg	1

## CONTROL POWER

Citric acid based neutraliser.

Prevents the formation of solid residues, giving fabrics a fresh, soft feel. The washed fabric does not irritate the skin.

**USE/SURFACES:** Fabric washing

a.s.  $39 \pm 2\%$  - pH  $< 1,0$

**DILUTION:** 0.4 - 3 g for kg of fabrics

PACKING	PCS
22 kg	1

## CHLOR ACTIVE

Foamless active chlorine-based whitener for automatic washing of fabrics.

Active chlorine-based whitener for automatic washing of fabrics. To use with temperatures below 60°C and active with any level of water hardness. Quickly eliminates coffee, tomato, lipstick and wine stains. According to EN test: EN 13697\*.

**USE/SURFACES:** Bleaching additive for fabric washing

a.s.  $15 \pm 1\%$  - pH  $> 13,0$

**DILUTION:** 1 - 10 g for kg of fabrics

PACKING	PCS
24 kg	1

## OXY ACTIVE

Foamless active oxygen-based whitener for automatic washing of fabrics.

Active oxygen whitener. Can be used at temperatures above 60°C. Effective with any degree of water hardness.

**USE/SURFACES:** Bleaching additive for fabric washing

a.s.  $35 \pm 2\%$  - pH  $> 2,1$

**DILUTION:** 1 - 10 g for kg of fabrics

PACKING	PCS
22 kg	1

## PER ACTIVE

Active oxygen-based fabric disinfectant\* for use in washing machine. PER ACTIVE is an active oxygen-based disinfectant agent, with a bactericidal and fungicidal action. Can be added to washing machine cycles at medium and low temperatures. Suitable for all kind of fabrics, except wool and nylon. Use with automatic dosing device. According to EN Test at indicated conditions: EN 1276, EN 1650, EN 13697, EN 13727, EN 13624, EN 14348 and EN 14476.

**USE/SURFACES:** Bleaching additive for fabric washing

a.s.  $25 \pm 1\%$  - pH  $< 1,0$

**DILUTION:** As a bactericide and yeasticide: 0.2% (2 ml in 1 L of water). As a bactericide and fungicide: 0.6% (6 ml in 1 L of water)

PACKING	PCS
22 kg	1

## STAIN ACTIVE

Stain remover for whites or colours in automatic fabric washing.

Stain active is an aqueous mixture containing crystals of 6-phthalamido-peroxy-hexanoic acid stabilized in suspension, which exploits the superior whitening and deodorization performance.

**USE/SURFACES:** Bleaching additive for fabric washing

a.s. N.D. - pH  $3,5 \pm 0,5$

**DILUTION:** For the Sutter Tech automatic dosing system. When determining the doses please always refer to the product technical information provided.

PACKING	PCS
20 kg	1

## SOFT POWER CAPS

Concentrated fabric softener with long lasting scent for automatic and manual washing of fabrics.

Highly scented concentrated fabric softener for automatic and manual washing of fabrics. Also suitable for delicate fabrics. Patented technology with scent in micro-capsules. Long lasting scent, even after drying and during ironing.

**USE/SURFACES:** Fabric softener

a.s.  $11,5 \pm 0,2\%$  - pH  $2,7 \pm 0,5$

**DILUTION:** 1 - 5 g for kg of fabrics

PACKING	PCS
5 kg	4
20 kg	1

\* Regulatory requirements surrounding the biocidal registration may vary according to each country

## SOFT POWER CAPS SENSITIVE

Concentrated fabric softener with long lasting scent for manual and automatic washing of fabrics. Highly scented concentrated fabric softener for automatic washing of fabrics. Also suitable for delicate fabrics. Patented technology with scent in micro-capsules. Long lasting scent, even after drying and during ironing.

**USE/SURFACES:** Fabric softener

a.s. 11,5 ± 0,2% - pH 2,7 ± 0,5

**DILUTION:** 1 - 5 g for kg of fabrics

**PACKING** **PCS**

20 kg 1

## SOFT PLUS

Scented liquid fabric softener for automatic washing of fabrics. Liquid fabric softener for washing fabrics. Pleasantly scented and also suitable for delicate fabrics. Makes ironing easier.

**USE/SURFACES:** Fabrics softener

a.s. 3,2 ± 0,1% - pH 2,5 ± 0,5

**DILUTION:** 2 - 8 g/kg of fabrics

**PACKING** **PCS**

20 kg 1

## SOFT DISINFECTANT

Disinfectant\* fabric softener for laundry. Fabric softener with bactericidal and yeasticide action. It softens all kinds of fabrics, neutralises alkalinity and gives a pleasant fragrance. According to EN Test: EN 1276 and EN 1650 (Candida albicans).

**USE/SURFACES:** Fabric softener

a.s. 13 ± 1% - pH 3,5 ± 0,5

**DILUTION:** 3 - 8 g/kg of dry fabrics

**PACKING** **PCS**

20 kg 1

## Specialties

### POM REFRESHING

Eliminates odours, deodorising. Active formula that acts on the cause of foul odours such as: smoke, kitchen odours, animal litter boxes and organic substances in general.

**USE/SURFACES:** Fabrics and curtains

a.s. 12 ± 1% - pH 7,1 ± 0,5

**DILUTION:** Ready to use

**PACKING** **PCS**

500 ml 12

### XTRA DEGREASER

Superactive, ready to use degreaser. Degreaser for all surfaces. Excellent for use in the food area, stainless steel surfaces and as pre-treatment for fabrics.

**USE/SURFACES:** Pre-treatment for fabrics

a.s. 6,7 ± 0,7% - pH < 11,4

**DILUTION:** Ready to use

**PACKING** **PCS**

500 ml 12

### TABS CHLORINE

Dichloroisocyanurate-based effervescent sanitising tablets. Dichloroisocyanurate-based effervescent sanitising tablets for all types of sanitising and on any surface.

**USE/SURFACES:** Fabrics

a.s. >95% - pH 6,5 ± 0,5\*

**DILUTION:** 1 tab in 5 L of water to sanitize tools and other surfaces

**PACKING** **PCS**

500 gr 12

**Ultra-concentrated sanitising cleaner for floors and washable surfaces.** Sanitizer for washable surfaces. Suitable for cleaning and sanitizing surfaces that may come into contact with food. RATIO System. According to EN Test: EN 1040, EN 1276, EN 1650 (Candida albicans) and EN 13697 (bactericidal).

**USE/SURFACES:** Multi-purpose, floors

a.s. 17 ± 1% - pH > 13,0

**DILUTION:** To use with RATIO-MIX Bottle and RATIO-SHOT Bottle

PACKING	PCS
1,5 L	2

## BK•3

Ultra-concentrated scented descaling natural detergent. Ultra-concentrated descaling detergent with natural origin organic acid (citric acid). RATIO system. Ideal for toilets and bathrooms. Recommended for the daily cleaning of taps, bath tubs, shower, tiles etc. The daily usage of BK3, thanks to anti-redeposition agents, helps preventing scaling. It contains vegetal origin raw materials. According to EN test: EN 1276\*.

**USE/SURFACES:** Bathroom

a.s. 37 ± 2% - pH 3,0 ± 0,5

**DILUTION:** To use with RATIO-MIX Bottle and RATIO-SHOT Bottle

PACKING	PCS
1,5 L	2

## BK•4

Ultra-concentrated alkaline and solvent-free degreasing detergent.

Highly degreasing detergent without colouring agents or essences, for use in the food area (HACCP). Specific for the cleaning of all surfaces, including furnishings and tools, also suitable for delicate surfaces like rubber and aluminium. RATIO System.

**USE/SURFACES:** Delicate surfaces (rubber, aluminium) and all surfaces (HACCP food area)

a.s. 14 ± 1% - pH 9,3 ± 0,5

**DILUTION:** To use with RATIO-MIX Bottle and RATIO-SHOT Bottle

PACKING	PCS
1,5 L	2

# Ratio - Kitchen

## K•1

Ultra-concentrated highly effective degreaser for the cleaning of all surfaces in the food area.

Highly degreasing detergent without colouring agents or essences, for use in the food area (HACCP). Suitable for removing stubborn dirt with its releasing and solubilising power. RATIO System.

**USE/SURFACES:** All surfaces (HACCP food area)

a.s. 13 ± 1% - pH > 12,0

**DILUTION:** To use with RATIO-MIX Bucket

PACKING	PCS
1,5 L	2

## K•2

Ultra-concentrated neutral detergent for manual dishwashing with high cleaning power.

Ultra-concentrated detergent for manual dishwashing. RATIO System.

**USE/SURFACES:** Manual dishwashing

a.s. 18 ± 1% - pH 7,0 ± 0,5

**DILUTION:** To use with RATIO-SHOT Bucket

PACKING	PCS
1,5 L	2

## K•3

Ultra-concentrated degreaser for ovens, cookers and hot plates.

Specific alkaline detergent for removing burnt fat from ovens, grills, hot plates and roasting spits. Suitable in the food area (HACCP). RATIO System.

**USE/SURFACES:** Ovens, grills, hot plates and roasting spits (HACCP food area)

a.s. 20 ± 1% - pH > 13,0

**DILUTION:** To use with RATIO-MIX Bottle

PACKING	PCS
1,5 L	2

\* Regulatory requirements surrounding the biocidal registration may vary according to each country

## ONDASAN EASY

Super concentrated deodorising and sanitising\* detergent.

Sanitising with deodorising action, for all washable surfaces and the maintenance of all types of floor including protected ones. EASY DOSE system. According to EN Test: EN 1040.

**USE/SURFACES:** All washable surfaces

a.s. 27 ± 2% - pH 9 ± 0,5

**DILUTION:** From: 1 dose (30 ml) in 8 L of water (general purpose) To: 2 doses (60 ml) in 8 L of water (heavy dirt).

DISINFECTANTS/SANITIZERS

DEGREASERS

ACIDS

ENZYMATICS

SPECIALTIES

In the industrial field, very effective and safe products must be used to fight every kind of dirt, including obstinate and heavy build-ups. To this end, Sutter Professional has

created the Industrial line, a range of products formulated to resolve any cleaning needs on manufacturing sites, in the food industry and in transportation.

## AGRASAN PER

Peracetic acid-based hygieniser. Peracetic acid-based hygieniser also suitable for cleaning/sanitising in CIP. Easy to rinse, does not produce foam. Suitable for the agricultural and food industries (HACCP). According to EN Test at indicated conditions: EN 1276, EN 1650, EN 13697, EN 13727, EN 13624, EN 14348 and EN 14476.

**USE/SURFACES:** CIP system, steel

a.s. 25 ± 1% - pH < 1,0

**DILUTION:** 0.5% - 1.5% (from 50 ml to 150 ml in 10 L of water)

PACKING	PCS
22 kg	1

**industrial**

## ALKACHLOR FOAM

Hygienising active chlorine-based degreasing foam. Degreasing and hygienising foam with high adhesive power for use in the food area (HACCP). Suitable for cleaning walls, equipment, countertops and floors in agricultural and food industries. Excellent whitening effect for organic stains and blood. According to EN test: EN 1276\*.

**USE/SURFACES:** Stoneware, concrete, steel

a.s. 15 ± 1% - pH > 13,0

**DILUTION:** 1% - 3% (from 100 ml to 300 ml in 10 L of water)

PACKING	PCS
22 kg	1

**industrial**

## PER CITRIC FOAM

Hydrogen peroxide-based acid foam.

Hydrogen peroxide-based acid foam. High adhesive power foam for use in the food area (HACCP compliant). Suitable for cleaning walls, equipment, countertops and floors in agricultural and food industries. Excellent whitening effect. According to EN test: EN 1276\*.

**USE/SURFACES:** Production lines in the food processing area

a.s. 26 ± 1% - pH 2,0

**DILUTION:** 1% - 3% dilution according to the level of dirtiness and the foamer setting

PACKING	PCS
22 kg	1

**industrial**

## CHLORDET

Hygienising active chlorine-based degreasing cleaner.

Foamless hygienising degreasing cleaner with active chlorine for washing all washable surfaces manually, mechanically or in CIP. Excellent whitening effect for organic stains and blood. Ideal for staplers. Suitable for the agricultural and food industries (HACCP).

**USE/SURFACES:** Stoneware, concrete, steel, CIP system

a.s. 16 ± 1% - pH > 13,0

**DILUTION:** 1% - 3% (from 100 ml to 300 ml in 10 L of water)

PACKING	PCS
24 kg	1

**industrial**

## Degreasers

## ALKADET

Superactive degreaser for all types of organic residue.

Highly degreasing cleaner for all types of fat residue without colouring agents or essences, for use in the food area (HACCP). Specific for the agricultural and food industries.

**USE/SURFACES:** Stoneware, concrete, steel

a.s. 25 ± 1% - pH > 13,0

**DILUTION:** MANUAL: 1% - 3% (from 100 ml to 300 ml in 10 L of water); SCRUBBING MACHINE: 2% - 3% (from 200 ml to 300 ml in 10 L of water); HIGH PRESSURE: 0.3% - 0.8% (from 30 ml to 80 ml in 10 L of water); soaking method: 3% (300ml in 10 L of water)

PACKING	PCS
24 kg	1

**industrial**

## ALKAFOAM SUPER

Alkaline degreasing foam.

Alkaline degreasing foam cleaner for use in the food area (HACCP). Its foam with high adhesive power makes it suitable for cleaning walls, equipment, countertops and floors. Suitable for the agricultural and food industries.

**USE/SURFACES:** Stoneware, concrete, steel

a.s. 24 ± 1% - pH > 13,0

**DILUTION:** 1% - 3% (from 100 ml to 300 ml in 10 L of water)

PACKING	PCS
24 kg	1

**industrial**

\* Regulatory requirements surrounding the biocidal registration may vary according to each country

## ALKANET PLUS

Alkaline degreasing detergent.

Heavily alkaline degreasing cleaner suitable for cleaning in CIP. Easy to rinse, does not produce foam. Suitable for the agricultural and food industries (HACCP).

**USE/SURFACES:** CIP system

a.s.  $43 \pm 2\%$  - pH > 13

**DILUTION:** 1% - 3% (from 100 ml to 300 ml in 10 L of water)

PACKING	PCS
24 kg	1

**industrial**

## ALKA 6000

All purpose alkaline detergent.

It doesn't attack painted surfaces. Particularly suitable for hard surfaces. Low foam level.

**USE/SURFACES:** All surfaces and car bodies

a.s.  $9,9 \pm 1,0\%$  - pH > 13,0

**DILUTION:** From: 1% (light dirt) To: 10% (hard dirt)

PACKING	PCS
20 kg	1

**industrial**

## ALKA 7000

Alkaline degreasing detergent.

High dissolving power. It doesn't attack painted surfaces, PVC, rubber and concrete. Pine scented.

**USE/SURFACES:** All surfaces

a.s.  $12 \pm 1\%$  - pH > 13,0

**DILUTION:** From: 1% (light dirt) To: 3% (hard dirt)

PACKING	PCS
20 kg	1
5 kg	4

**industrial**

## ALKA 9000

Alkaline cleaner for washing bodywork.

Alkaline cleaner for chemical washing of bodywork, engines and tarpaulin sheets. Does not damage rubber parts and chrome. Especially suitable for use with pressure and scrubbing machines.

**USE/SURFACES:** All surfaces and car bodies

a.s.  $12 \pm 1\%$  - pH > 13,0

**DILUTION:** 1% - 10% (100ml - 1000 ml in 10 L of water)

PACKING	PCS
20 kg	1

**industrial**

## ALKA 15000

Alkaline degreasing detergent.

Alkaline degreasing detergent for carriage exteriors with anti-redeposition agents and high emulsifying and sparkling effect.

**USE/SURFACES:** Film surface railway carriage exteriors and underground, tram, bus and truck exteriors

a.s.  $24 \pm 1\%$  - pH > 13,0

**DILUTION:** 1% - 4% (100ml - 400 ml in 10 L of water)

PACKING	PCS
20 kg	1

**industrial**

## ACIDFOAM

Acid-based descaling foam.

Acid descaling foam cleaner for use in the food area (HACCP). Its foam with high adhesive power makes it suitable for cleaning walls, equipment, countertops and floors. Suitable for the agricultural and food industries.

**USE/SURFACES:** Stoneware, concrete, steel

a.s.  $8,6 \pm 0,9\%$  - pH <1

**DILUTION:** 1% - 5% (from 100 ml to 500 ml in 10 L of water)

**PACKING**  
20 kg

**PCS**  
1

**industrial**

## ACIDPLUS

Acid descaling cleaner.

Foamless acid descaling cleaner for the washing of all washable surfaces manually, mechanically or in CIP. Suitable for the agricultural and food industries (HACCP).

**USE/SURFACES:** Stoneware, concrete, steel

a.s.  $33 \pm 2\%$  - pH <1,0

**DILUTION:** 1% - 3% (from 100 ml to 300 ml in 10 L of water)

**PACKING**  
24 kg

**PCS**  
1

**industrial**

## ACID AT 100

Acid descaling cleaner. Acid cleaner specifically designed for the removal of limescale deposits from surfaces. Suitable for first treatment of terracotta, concrete or stone.

**USE/SURFACES:** Terracotta, cement, stoneware, ceramic floors

a.s.  $31 \pm 2\%$  - pH <1,0

**DILUTION:** 10% - 20% (1 L - 2 L every 10 L of water)

**PACKING**  
6 kg

**PCS**  
4

**industrial**

NEW

## ACID POWER

Superactive acid descaler.

Superactive acid cleaner for removing limescale and cement deposits. Also recommended for cleaning cement mixers.

**USE/SURFACES:** All surfaces

a.s.  $29 \pm 1\%$  - pH <2,0

**DILUTION:** 5% - 20% (0,5 L - 2 L every 10 L of water)

**PACKING**  
22 kg

**PCS**  
1

**industrial**

## Enzymatics

## BIOACTIVATOR

Enzymatic biological activator.

Created to be used inside pipes leading to septic tanks and for managing waste water. Effective against proteins, starches, fats and cellulose. Suitable for the agricultural and food industries (HACCP).

**USE/SURFACES:** Drains and pipes

a.s. UFC: 50 millions/ml - pH  $7,0 \pm 0,5$

**DILUTION:** First 2-3 weeks 50-100 ml per m<sup>3</sup> of water. maintenance 30-60 ml per m<sup>3</sup> of water

**PACKING**  
20 kg

**PCS**  
1

**industrial**

## GRAFF REMOVER ULTRA

Superactive graffiti removal gel for external surfaces.

Superactive graffiti removal gel for external surfaces. Rapid action. It adheres to vertical surfaces and is also suitable for use on aluminium.

**USE/SURFACES:** Conveyor belts

a.s. >95% - pH n.a.

**DILUTION:** Depending on the system used
